### How Do I Apply?

If your income qualifies, then contact the URA at **412-255-6573**. We will take your information by phone and will mail you out an application. We will also send a Construction Advisor to your property to inspect the health and safety hazard. The advisor will provide you with a work write up. You should begin to contact contractors to obtain estimates, as soon as the emergency occurs. Please have the contractor(s) provide written proposals that outline the work and include itemized costs. If you request the URA can send your information out to bid. The contractor will be paid by the URA once the job is completed.

You will need to submit the application to the URA with the following information:

- ✓ **Proof of income, with copies of the two most recent pay stubs for each wage earner**
- ✓ **Verification of other sources of income for each wage earner**
