August 15, 2018

Dear Point Breeze North Development Corporation (PBND) and Homewood Community Development Collaborative:

Thank you for your continued engagement on the Lexington Technology Park Project. As you are aware, the Urban Redevelopment Authority of Pittsburgh (URA) issued a Request for Proposals (RFP) for the redevelopment of the Lexington Technology Park on March 13, 2018. The URA committed to a robust community engagement process for this project emphasizing sound planning, active participation, and communication.

Please note that the URA's Board of Directors will not take any action regarding the Lexington Technology Park at its August meeting. The URA will continue to engage the public and the Lexington Technology Park Review Committee to evaluate options for the redevelopment of the site.

We look forward to your continued input in the project. Please continue to check the Lexington Technology Park website for updates related to the project [here](#).

Please share this letter with your networks.

Sincerely,

Robert Rubinstein  
Executive Director  
Urban Redevelopment Authority of Pittsburgh
