URBAN REDEVELOPMENT AUTHORITY OF PITTSBURGH
REQUEST FOR PROPOSALS (RFP)
For-Sale Development Program & Neighborhood Stabilization Program

1. INTRODUCTION

Summary Information

The Urban Redevelopment Authority of Pittsburgh (URA) requests proposals from developers with non-profit applicants for projects involving the substantial rehabilitation or new construction of affordable for-sale housing. Proposals may be considered for either the Housing Opportunity Fund's (HOF) For-Sale Development Program (FSDP) or Neighborhood Stabilization Program (NSP1).

Background Information

The HOF is a housing trust fund that has been established in the City of Pittsburgh (City) to support the development and preservation of affordable and accessible housing within the City's boundaries.

Funds appropriated to the HOF are to be invested in accordance with an Annual Allocation Plan (AAP) created by the Advisory Board and approved by City Council and the Governing Board. The URA Board of Directors serves as the HOF's Governing Board (Governing Board). The HOF Advisory Board (Advisory Board) is comprised of seventeen (17) persons appointed by the Mayor to four-year staggered terms.

The HOF FSDP will be used to help fund the creation of new affordable housing and/or preserve existing affordable housing for homeownership in the City. For the 2018 Fiscal Year, \$1.25M has been allocated for the HOF FSDP.

Additionally, this RFP will also allocate NSP1 funding. NSP1 was established by [Section 2301\(b\) of the Housing and Economic Recovery Act of 2008 \(Pub. L.110-289, approved July 30, 2008\), also known as HERA](#). HERA created NSP and was the basis for subsequent NSP funding rounds.

In Pennsylvania, NSP1 is sponsored by the PA Department of Community and Economic Development (DCED), to be managed and implemented locally by the URA. The City was awarded \$2M in NSP1 funding for the acquisition and rehabilitation of abandoned and

foreclosed homes for the purpose of affordable homeownership.

Goal of RFP

The goal of this RFP is to solicit proposals from development teams comprised solely of non-profit applicants OR for-profit applicants in partnership with a non-profit as part of the development team. FSDP and NSP1 are similar programs, both intent on providing financing to projects that will result in affordable homeownership opportunities. Although this RFP is for both FSDP and NSP1, applicants will provide one response per project, and if deemed appropriate for either program, will move on through the approval process for the program of best fit.

The URA encourages the full participation of minority and women business owners and professionals in this effort. The URA requires that all respondents demonstrate a good faith effort to obtain minority and women-owned business participation in work performed in connection with URA projects. The URA acknowledges and adheres to the City's goal of 18 percent (18%) minority and 7 percent (7%) women participation.

A MWBE narrative needs to be included with the respondent's proposal. See "[Exhibit F](#)" for MWBE Narrative Requirements. MWBE participation can be satisfied by:

- i. Ownership/Partnership of firm;
- ii. Use of minority or women-owned businesses as vendors;
- iii. Subcontracting with firms owned and controlled by minorities and/or women. If this is to be done, that fact, and the name of the proposed subcontracting firms, must be clearly identified in the proposal.

For selected proposals, where total project costs are expected to meet or exceed \$250,000, a MWBE plan will need to be submitted as part of the ongoing MWBE review and approval process. Any questions about MWBE requirements should be directed to Diamonte Walker, director of Performance and Compliance, at mwbe@ura.org.

Specific to this RFP, the URA will require that all FSDP and NSP1 borrowers demonstrate a good faith effort to obtain MWBE participation in work performed in connection with this program, including, but not limited to, construction requirements in FSDP program guidelines ([Exhibit A](#)).
