Neighborhood Initiatives Fund Pilot

What Activities Are Supported?

Priority will be given to projects that identify the tactics associated with the proposed neighborhood initiative or project and how the community will benefit from those strategic non-housing efforts:

- Conceptual design and engineering;
- Land remediation;
- Vacant property activation;
- Historic preservation;
- Commercial district revitalization; and/or
- Public realm improvements.

What Activities Are Not Supported?

- Projects outside of the City of Pittsburgh.
- Residential dwellings or the residential portions of mixed-use buildings.
- Improvements proposed in the City right-of-way that have not been approved and/or coordinated with the City.
- Improvements proposed on properties without site control.
- Operating, marketing and promotional expenses.
- Travel expenses or any lodging/hotel expenses.
- Operating and overhead or ongoing programming and maintenance.

The URA's Economic Development department develops public-private partnerships to advance place-based strategies to build an equitable Pittsburgh. We do this by collaborating with community groups, developers, and city agencies on neighborhood initiatives and projects. From vision-to-action we assist with community planning, project financing, and bringing resources to communities.

The NIF program investment in a project will not exceed \$100,000, grants need to be expended within 12 months of grant agreement, and allocations are subject to availability of funding.
