a. **2020 Housing Opportunity Fund Annual Allocation Plan**

1. Presentation and approval of the 2020 Housing Opportunity Fund Annual Allocation Plan

**Director’s Report**

The Housing Opportunity Fund (HOF) was created in 2016 (via City Council Ordinance #37). The HOF was established to support the development and preservation of affordable and accessible housing within the City. In December 2017, City Council passed a resolution approving the terms of and authorizing the execution and delivery of a Cooperation Agreement with the Authority relating to the administration of the HOF and authorizing the assignment to the Authority of ten million dollars ($10,000,000) per year, for a period of twelve (12) years, commencing January 1, 2018, for the purpose of implementing the HOF.

For the administration of the fund, Authority staff are working with a 17-member Advisory Board that was appointed by the Mayor and approved by City Council in June 2018. According to the HOF enabling legislation, the Advisory Board will work with URA staff to create and approve an annual allocation plan which outlines proposed funding levels by programmatic category. The Advisory Board will then recommend approval of the allocation plan to the URA Board of Directors, the Governing Board, for final approval. Once the URA Board of Directors approves the allocation plan it will be presented to City Council.

This is the third year of creating allocation plans for the HOF. To help prepare for the 2020 Annual Allocation Plan and to spread the word about existing HOF programs, HOF staff attended numerous community meetings. Examples are the West End Housing Resource Fair, a Northside Leadership Conference meeting, several Pittsburgh Public School events, and several events hosted by Pittsburgh United. Additionally, a housing survey was placed online and distributed in paper form. Approximately 300 people responded to the survey: 46% of the respondents were renters and 54% of the respondents owned their homes. Both groups of respondents selected the new construction of affordable rental housing as the top priority.

The HOF Advisory Board held a working meeting on November 21, 2019 to discuss drafting the Allocation Plan. The Advisory Board was given (1) a report that summarized the survey data, (2) an expenditure report showing prior year expenditures, and (3) reports showing the supply and demand of the current programs. After much discussion, each Advisory Board member was asked to complete a worksheet creating a draft plan. At the December 10, 2019 HOF Advisory Board Meeting, the responses were compiled and a chart was shown to the Advisory Board and the general public that represented the mean average of the Advisory Board members worksheet. There was also a column that showed the staff recommendation, which, for most
line items, was similar to the Advisory Board’s mean average. The Advisory Board voted to preliminarily approve the column showing the Staff Recommended plan.

The draft 2020 plan was then put on the URA website on December 12, 2019. Instructions were given as to how to submit public comment. By January 6, 2020, seven comments had been received. The comments were generally supportive of the plan. Therefore, the plan received a final vote of approval at the January 8, 2020 HOF Advisory Board Meeting.

The following are brief descriptions of the five programs as identified in the annual allocation plan. These programs are all allowable programs in accordance with the legislation. All programs except the Demonstration Program were included in the 2019 Allocation Plan and have approved Program Guidelines.

**Housing Stabilization Program (HSP):**
Service providers provide short term rental assistance (maximum of 4 months) and associated services to households at or below 30% and/or 50% AMI who are homeless or at risk of homelessness. Homeless rental assistance also includes eviction prevention services such as legal assistance. To date, 215 households have been helped through the program.

**Rental Gap Program (RGP):**
The Rental Gap Funding Program provides secured loans for the new construction and/or preservation of affordable rental units. For projects in the development process that have units serving households at or below 30 and/or 50% AMI, developers may apply for secured loans for
acquisition and construction, or renovation/preservation, of rental housing projects. To date, 294 affordable units have / are being created through this program.

Down Payment and Closing Cost Assistance (DPCCA):
First time homebuyers with incomes up to 115% of AMI may apply to the URA for down payment and closing cost assistance for the purchase of a house in Pittsburgh. To date, 69 households have used this program to purchase a home.

Home Owner Assistance Program (HAP):
The HAP Program addresses unsafe and unhealthy conditions in homes owned by homeowners with incomes at or below 30%, 50% AMI, and/or 80% AMI. Non-profits may apply for funds for renovation and associated services, or households may apply directly to the URA. Examples of eligible repairs are new roofs, furnace replacement, weatherization repairs, and/or accessibility modifications. The HAP program also includes tangled title assistance for homeowners. To date, 106 households have completed the program, are currently in the program, or have been preapproved for the program.

For-Sale Development Program (FSDP):
The For-Sale Development Program expands the pool of quality for-sale housing affordable to households at or below 80% AMI. Developers may apply to HOF for costs associated with the development of residential property including acquisition, rehabilitation, or new construction, and soft costs associated with the property development. Funds will help bridge the gap between total development cost and the future sales price. Funds may also be used in the form of deferred second mortgages for the future homeowners. The future homeowners must reside in the property. To date, 17 for-sale houses have been created / are being created through this program.

Next Step:
After the 2020 Annual Allocation Plan is approved by the URA Board of Directors, the Plan will be submitted to City Council for review and approval.

b. **California-Kirkbride, Central Northside, & Perry South – Northside Residences Phase III**

1. Housing Opportunity Fund Rental Gap Program Loan Agreement in the amount of $700,000 with Northside Properties Residences III LLC for the renovation of scattered site affordable units.

2. Rental Housing Development Program Improvement Loan Agreement in the amount of $700,000 with Northside Properties Residences III LLC for the renovation of scattered site affordable units.

**Director’s Report**

Authorization is requested to enter into the above-mentioned loan agreements with Northside Properties Residences III LLC to provide renovations to seventy (70) existing units across the California-Kirkbride, Central Northside, and Perry South neighborhoods as the third phase of the Northside Properties development. Of these seventy (70) units, twelve (12) units will be affordable at 30% AMI.

North Side Associates (NSA) previously owned 324 units located in 239 separate buildings spread out among the historic Northside area of Pittsburgh, PA. The development is known as the Northside Properties. The units, which are a mix of 1, 2, 3, 4, and 5-bedroom apartments, were originally built between 1870 and 1910. To date, 197 of the units have been sold to affiliated entities in two phased developments (Phase I containing 75 units is completed, and Phase II containing 122 units closed in August 2019 and is under construction).

The Borrower and Developer of Phase III is Northside Properties Residences III LLC ("NSPR III"), the entity formed to own and manage the seventy (70) unit development. The developer plans to submit for a 4% Low Income Housing Tax Credit (LIHTC) and is in the fundraising stage. Closing is slated for the fourth quarter 2020. The non-profit applicant on this phase is the Northside Coalition for Fair Housing, Inc. ("NCFH"), a 501(c)(3) that provides tenant rights advocacy and tenant organizing services, as well as community building activities for several Northside neighborhoods. The Rental Gap Program (RGP) and Rental Housing Development Improvement Program (RHDIP) loans will be secured by a 3rd Mortgage lien position, after the 1st and 2nd primary amortizing hard mortgage debts. The loans will be repaid based on a to-be-determined percentage of cashflow.

The requested loans will be used to complete substantial renovations to these historic units. All units will receive Project Based Section 8 rental assistance from the U.S. Department of Housing Development (HUD).
At its January 8, 2020 meeting, the Housing Opportunity Fund Advisory Board passed a motion to award this project a Housing Opportunity Fund Rental Gap Program Loan (HOF RGP) in the amount of $700,000. The HOF RGP is intended to help fund the creation and/or preservation of affordable housing City-wide, specifically targeting households at or below 30% and 50% AMI.

The commitment of funds is extended until June 1, 2020. If the developer has secured an allocation of 4% Low Income Housing Tax Credits, the commitment may be extended until December 31, 2020.

Approval of the URA loans is subject to approval of final plans and specifications and construction schedule of values. The URA RHDIP loan approval is also subject to approval by the URA loan review committee.

**Director’s Report**

In October 2018, the Board authorized exclusive negotiations through May 31, 2019, with a possible one-year extension, with New Granada Square Apartments, L.P., or a related entity, for the sale and redevelopment of Block 10-N, Lots 267, 268, 269, 270, 274, 275, 276, 278, 279, 280, 289, and 290, in the 5th Ward. The lots total approximately 21,207 square feet and are adjacent to the historic New Granada Theater on the block generally bounded by Centre Avenue, Wylie Avenue, Devilliers Street and Erin Street in the Middle Hill District neighborhood.

The lots are to be redeveloped by a partnership between CHN Housing Partners (“CHN”) and the Hill Community Development Corporation (“Hill CDC”) into a five-story mixed use development including 7,500 square feet of ground floor commercial space and 40 affordable residential apartments.

The development partnership applied for 9% Low Income Housing Tax Credits in 2018, and their application was successful. Authorization is now requested to accept a proposal and enter into a disposition contract with Granada Apartments LP for the conveyance of these properties. The purchase price is $125,000 plus costs, with the redeveloper to be credited $25,000 at closing to reflect a URA donation/discount made in support of the redeveloper’s application for a 2019 Federal Home Loan Bank of Pittsburgh Affordable Housing Program grant.

   b. **Small M/WBE Business Line of Credit Program – Hill District Federal Credit Union**

   1. Non-member deposit not to exceed $150,000 to Hill District Federal Credit Union in support of a small M/WBE Business Line of Credit program.

**Director’s Report**

The URA endeavors to have a robust toolbox of services in support of small, minority and/or women owned businesses.

The URA has advanced this goal by supporting financing and wrap around service programs such as the Micro Enterprise Fund loan program, M/WBE programs services, Catapult, the Riverside Center for Innovation’s Diversity Business Resource Center BizFit Program, and the Credit Building program in partnership with Axiom. All these efforts serve in part to support the financial, technical assistance, and professional capacity building needs of small M/WBE businesses.

During the support of these programs, the URA has come to understand there is a strong need for businesses such as contractors to have access to affordable lines of credit. Capital access is a critical piece of sound cash flow management for small contractors as they take on work—to have the necessary upfront cash to hire and source materials and equipment as new jobs.

The Hill District Federal Credit Union has long worked with private lenders and others to operate business line of credit programs through the model proposed here.

This authorization will allow the URA to make a non-member deposit in the Hill District Federal Credit Union to fund a small business line of credit program. The deposit will be used as a guarantee against the lines of credit. Lines of credit will be approved or declined based on the lending guidelines of the Hill District Federal Credit Union. The URA will have opportunity to receive non-member dividends and, at an agreed upon date in the future (TBD), withdraw the deposit at discretion.

This will allow, initially, for 14-28 new lines of credit with opportunity to grow as repayments revolve. The minimum line will be $5,000 up to $10,000. Underwriting, closing, and servicing will be housed with the Hill District Federal Credit Union.

Richard Witherspoon  
Treasurer / CEO  
Hill District Federal Credit Union

Source of Funds will be CLRA, PAYGO, and/or state repayments.
RESOLUTION NO. _____ (2020)

RESOLVED: That a non-member deposit in the amount not to exceed $150,000 to the Hill District Federal Credit Union in support of a small M/WBE contractor Line of Credit program is hereby approved.
