POLLUTION PREVENTION ASSISTANCE

The Pollution Prevention Assistance Account (PPAA) is funded by the Pennsylvania Industrial Development Authority (PIDA) for eligible businesses that commit to creating and retaining full-time jobs. The Urban Redevelopment Authority is a certified economic development organization that partners with PIDA to administer the program.

Loan proceeds can be used to install pollution prevention or energy efficient equipment or processes that reduce or reuse raw materials on-site, reduce the production of waste, or significantly reduce energy consumption and is directly related to the business activity of the eligible business.

What will the terms of my loan be?
