

How to Apply for SBA Economic Injury Disaster Loan and \$10,000 Advance

This is the **Economic Injury Disaster Loan application**. It includes a **\$10,000 advance that does not have to be paid back!** (see in the image below)

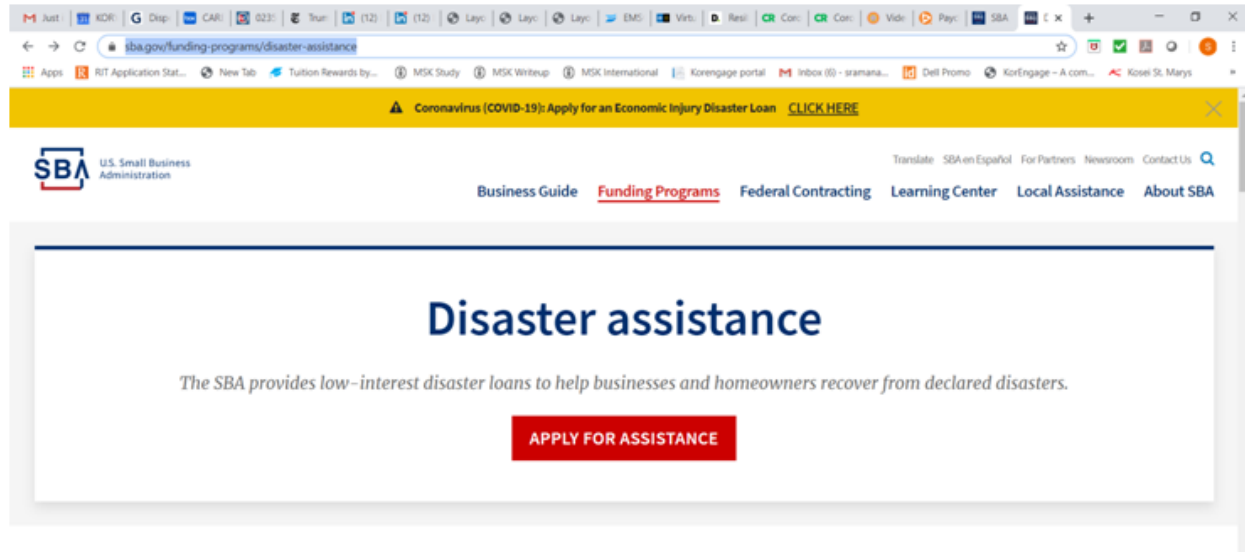

Some of the information you need before you start:

1. Your revenues prior 12 months before January 31, 2020
2. Your Cost of Goods Sold for prior 12 months before disaster date of January 31, 2020
3. You Federal id,
4. Social Security number of owners, date of birth and place of birth
5. Ownership percentages
6. Also have your bank account information including routing number ready as well (I was a bit concerned about giving this but hopefully it is ok)

Time: About 15 minutes once you have the information.
Relatively painless!

You probably should **start with the SBA website** so that you do not go to any other scam site.

<https://www.sba.gov/funding-programs/disaster-assistance>

Then click on the yellow banner and you should be off and running.

Just make sure that you are always on the sba.gov domain as scams will abound!

- Save the Application Number you get at the end for future use
