

Please include the following information in the 'Project Information' section of your grant application. If additional space is needed for your responses, please submit an additional PDF document with your application.

1. Briefly summarize your project proposal. What are you planning to do? Why is this project needed in your community?
2. Outline your goals/plans for the completed project.
3. Provide an estimated timeline for the whole project, as well as a breakdown of what each phase of the project will include within your project scope in question #26.
4. If your project includes multiple parcels, please outline the renovations needed or planned for each parcel. Be sure to include relevant addresses, as well as Allegheny County parcel ID numbers (if possible).
5. Please include any other relevant information you would like the URA to know about this project.
